

Threads That Bind

- today's gifts...tomorrow's heirlooms -

GIFTS TO CHERISH

Our Threads That Bind family was very saddened by the sudden loss of one of our own this past January. My Mom, "Flo" passed away unexpectedly and we all miss her tremendously. "Flo" handquilted our baby quilts and was my inspiration for opening a local quilt shop. The quilted gifts she has left us have now become our heirlooms.

We moved our store on February 6 and our new home means that we are all together once again. If you haven't visited our new location yet, please stop in. We are wheelchair accessible and our parking area has increased in size. We are proud of our new "digs" and our fabric collection has expanded to prove it. We now have over 2000 bolts of beautiful fabric for your shopping pleasure. Check out our new spring collections, 2 new kids lines - "Jungle Babies" and "Happy Scrappy Baby" make me giggle each time I look at them.

I am super excited about our new blender line, "Bear Essentials". This line runs the whole gamut of the colour spectrum and will be permanently on our shelves for your future projects.

For all of our "Stonehenge" followers - hang onto your hats - the next line, "Stonehenge Skins" will be in the store soon. This new line has the same great colouring but now you will be able to choose unique fabric patterns to enhance the look of your "Stonehenge" projects.

Spring is just around the corner - I can't think of a better time to renew your quilting energy - so I encourage each one of you to take that step and make your loved ones a gift they will cherish always, whether it is a special table runner or a quilt to comfort them, rest assured, it will hold a special place in their hearts.

We are Sowing Janome Seeds!!

Winter is Almost Over!!

The first step in cultivating your skills is choosing the right tools and after using many different machines at Threads That Bind we have found Janome to be the flower of choice.

MANY of our customers flinch when hearing the words “sewing machine” and “computerized” in the same sentence. But after trying a “computerized sewing machine”, they have found them wonderful tools that make the time spent in their sewing rooms even more enjoyable.

A great starter is the 419S and although it is a mechanical machine, it still offers the one step button holer, auto needle threader and a hard cover that would make a wonderful graduation gift.

Suggested Retail price is \$629.00 and our Regular price is \$449.00.

A great addition to any sewing space is a serger and the 1110DX is a great little work horse whether constructing garments, finishing edges or rolling hems on serviettes or table clothes.

Suggested Retail price is \$999.00 and our Regular price is \$899.00.

Last but not least and pretty as a red rose, is the “Horizon” 7700QCP. This beauty that is so admired, from its 11” bed and 5 LED lights to your choice of 250 stitches, it is the ultimate in sewing and quilting technology.

Suggested Retail price is \$3499.00 and our Regular Price is \$2895.00.

Drop by and try out one of these great machines and don't forget, we service what we sell!!

Our future is as close as tomorrow and here at Threads That Bind, we like to do our part in keeping that future looking bright. Bring your own canvas or fabric bag or just let us know that you won't be needing a bag for your purchases and your name will be entered into our monthly draw.

Thank you for helping us work towards a brighter tomorrow!
